On 5-6 of October the World Capital of Festivals - Cannes, France, successfully hosted ‘Business Triumph’ Festival - the best combination of Business and Luxury pastime! Intercontinental Carlton Cannes hotel as a ‘pearl of French Riviera’ brought together business and academic elite for fruitful discussions and intensive business networking.

During the Special daytime session ‘Inspiring Success Stories’ (5th of October) we had high-class business leaders from around 30 countries as presenters.

Prof. John W.A. Netting, Director General, Europe Business Assembly, UK, with Global Club of Leaders President Christina Briggs moderated together this Leadership Day in their best tradition, and in the second section hold two effective master-classes on business etiquette and personal image, which became truly useful input to our participants’ experience.

Extraordinary contribution to this year’s Festival made our Special Guests - the true masters of their job from ‘out of business’ spheres – Sport and Fashion: French former competitive figure skater, ‘Queen of backflip’ - Ms. Surya Bonaly, and representative of Africa’s High Fashion, famous London-based Fashion Designer and Style Consultant - Mr. Adebayo Jones.

Later, in the evening, on behalf of the PR and Image Partner of the Festival – Rare English Gift Book ‘Awards in World Masterpieces’, we held the exclusive Festival photo session by the famous Cannes photographer Mr. Christian Roy. This unique edition will include a particular chapter with photographed materials of Festival’s laureates - ‘Business Triumph Festival chronicles. Stories of Success.’

European Awards Night became a real climax of Cannes event due to spectacular Gala Dinner with live jazz music and haute cuisine by Chef Laurent Bunel; express defile representing the fashion collections from Special Guests – African Designer Adebayo Jones;
and of course - the high-end Awards Ceremony! Prestigious International prizes were presented to our honourable laureates for their achievements in the different spheres of business activities.

The 6th of October was marked by two entertaining and interactive ventures. The laureates started their morning from the Partner Race ‘The Triumphal Mile’ when all comers have enjoyed the beauty of Côte d’Azur while running down the Boulevard de la Croisette.

And then - sea walk on a yacht with the perfect weather, best mood and totally informal pastime.

These days seemed like a moment, and we can proudly announce that the ‘Business Triumph’ Festival - 2018 has passed at a high level!

Particular gratitude ‘Business Triumph’ Festival Organizing Committee express to General Partner of the Cannes event - MONSPACE Multinational Corporation from Malaysia, and VIP Official Partners: D. Beekhun & Sons Ltd from Mauritius and LLP ‘Wellness center of Massimov’ from Kazakhstan.

Our best words of appreciation to these companies for such particular relevance to ‘Business Triumph’ Festival – 2018!
